GOAL

Continue professional and career development in the IT company as a QA engineer.

I am a Junior Software Tester with strong attention to detail. I have good knowledge of English and don't stop improving it. My objective is to work in a professional team and grow in my practical skills. I'm ready for getting new knowledge in Software Testing. That's why I am looking for a company that will give me the chance to learn and develop myself as a Software Tester.
